ABOUT ME

I am a passionate and dedicated BCA graduate with a strong interest in Full-Stack web development and modern technologies. I have gained practical Knowledge in front-end and back-end development. I am a quick learner with strong problem-solving and teamwork skills, always eager to explore new technologies and improve my technical knowledge.

PROJECT

College Management System(Using MERN)

- Developed a Full-Stack College Management System to efficiently manage student, faculty, and administrative data.
- Implemented secure login authentication and role-based access control.
- Built responsive user interfaces and REST APIs to enable smooth communication between the Front-End and Back-End.
